

## Maratakka Lodge

At the Maratakka Lodge you can enjoy great forest walks, plenty of bird watching, spotting of the otter, sea cow, caiman, apes, and visiting a nearby native village called Cupido where you can learning more about their life style and way of surviving & have a personal talk with the people.

At our lodge we have a great kitchen were great food is prepared.

From the pier you can do some fishing and/or cooling of in the cool water of the maratakka river.

The lodge has a bathroom, and the sleeping possibilities include hangmats, stretchers, beds for which all have a "klamboe" for a smooth night rest.
